

CONSTRUCTION BRIEFING MEETING NOTICE

GREEN MEADOWS DRAINAGE PROJECT PROJECT NO. PWDR03002

Thursday, December 6th, 2012
5:00 to 7:00 P.M.

at
Hill Elementary School
2020 W. Tucker Blvd
Arlington, Texas

Our records indicate that your property is in the vicinity of an upcoming project. The City of Arlington's Department of Public Works and Transportation anticipates starting construction in January 2013. Improvements include storm drainage installation, park trails and multi-functional detention area, channel improvements, bridge replacement, water and sanitary sewer renewals, and pavement reclamation.

A construction briefing meeting is scheduled for December 6th, from 5:00 to 7:00 p.m. at Hill Elementary School in Arlington, Texas. There will be a short presentation at 6:00, but a City representative will be available to provide information and answer questions you may have concerning the proposed construction throughout the meeting.

Enclosed with this notice is a summary of the project with a location map for your information. If you have questions but are unable to attend the meeting, please contact Audra Valamides with the Department of Public Works and Transportation at 817-459-6590.

**PROJECT SUMMARY
FOR
GREEN MEADOWS DRAINAGE IMPROVEMENTS
INCLUDING WATER AND SEWER RENEWALS
AND PAVEMENT RECLAMATION
CITY OF ARLINGTON PROJECT NO. PWDR03002**

SUMMARY OF IMPROVEMENTS

- Storm drains and channels will be installed and enlarged.
- Tucker Blvd. and Lavender Ln. bridges at channel crossings will be replaced.
- A multi-functional recreation and detention area will be built in Duncan Robinson Park along with a trail and other park improvements.
- Water and/or sanitary sewer will be replaced/renewed in Weymouth Ct., Camden Ct., Stacey Ct., and in portions of Lavender Ln. and Tucker Blvd.
- Pavement reclamation will occur on Weymouth Ct., Camden Ct., Stacey Ct., and on portions of Lavender Ln. and Tucker Blvd. Pavement reclamation includes reprocessing the existing road surface and overlaying it with new asphalt for a new roadway without necessarily disturbing the curb and gutter. Curb and gutter will be replaced in areas where it is damaged or the road is ponding.

CONSTRUCTION SCHEDULE

- Construction Start Date: January 2013
- Duration of Construction: 300 Calendar Days
- Anticipated Completion Date: November 2013
